Letter Restarting Time Period

This letter is in response to the return mail that was sent back to the U.S Patent Office Mail Center on May 09, 2005.

Attach is a copy of the action from the examiner in charge of this application. The response period has been reset to expire (1) month from the date of this letter.

This action is being mailed to the address of record as stated above.

Any inquire can be sent to Barbara A. Frieson at the USPTO who is the team leader for this art unit. My office no is 571-272-0527 and my fax no is 571-273-0527 Monday through Thursday

A handwritten signature in black ink, appearing to read 'Barbara A. Frieson', with a stylized, flowing script.

DATE MAILED:

Please find below and/or attached an Office communication concerning this application or proceeding.

Commissioner for Patents**Notice of Non-Responsive Amendment**

Applicant's election of Group I, Claims 1-6 and 9, filed on 1/28/05, is acknowledged. However, Applicant's response is not fully responsive to the prior Office Action mailed on 7/28/04, because of the following: Applicants fail to elect a single specific species as required under 35 US 121 (1).

(A) In the prior Office Action it was stated in the paragraph No.4(A) :

If Group I is elected, applicant is required to elect a single specific X such as those recited in claim 2 (i.e., Tyr, Tyr-phe, Phe-Phe or Phe-Tyr), a single specific active ingredient such as those recited in claim 3 (i.e., anti-leukotrienes, beta2 antagonists or corticosteroids), and if Group I is elected a single pro-inflammatory agent such as those recited in claim 6 (such as fMLP, activated complement fragment, leukotriene B4, platelet activating factor, IL-4, IL-6, IL-8, IL-10, IL-13 or TNF α). These are distinct species because their structures and modes of action are different which, in turn, address different therapeutic endpoints.

(B) In the prior Office Action, it was stated in the paragraph No.5.

Applicant is advised that a response to this requirement must include an identification of the species that is elected consonant with this requirement, and a listing of all claims readable thereon, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered nonresponsive unless accompanied by an election.

Since the above-mentioned amendment appears to be a bona fide attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Maher Haddad whose telephone number is (571) 272-0845. The examiner can normally be reached Monday through Friday from 7:30 am to 4:00 pm. A message may be left on the examiner's voice mail service. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Christina Chan can be reached on (571) 272-0841. The fax number for the organization where this application or proceeding is assigned is 703-872-9306.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
